## Note to the Requester:

The County-District-School (CDS) code system is an administrative convenience designed to provide the California Department of Education, California Department of Finance, other State Agency's and post secondary institutions with a basis for tracking information on School Districts and schools. The CDS code is a unique identifier that allows schools to be easily sorted and tracked in databases.

**A CDS code is a number assigned to a school. CDS codes are not assigned to programs.** Evidence that the entity for which a CDS code is sought is a school and not a program is the governing board action approving formation of the school and board action establishing the school. Governing boards can act only by a majority vote at a public meeting (Education Code §§ 1011, 1013, 1040, 35163, 35164; Government Code § 54950 and following (the Brown Act))
